THE Pharmacy Home PROJECT

The CPESN includes community pharmacies that have volunteered to collaborate with Community Care of North Carolina to provide enhanced pharmacy services to Medicaid and dually eligible Medicare-Medicaid beneficiaries. All participating pharmacies will provide the following required services, in addition to the optional services indicated for each pharmacy below:

1. Support adherence to medications using specific interventions and programs
2. Conduct medication reconciliation after discharge from the hospital
3. Prevent Medication wastage by verifying patient need prior to each fill
